

NAME: _____ DATE: _____ PERIOD: _____

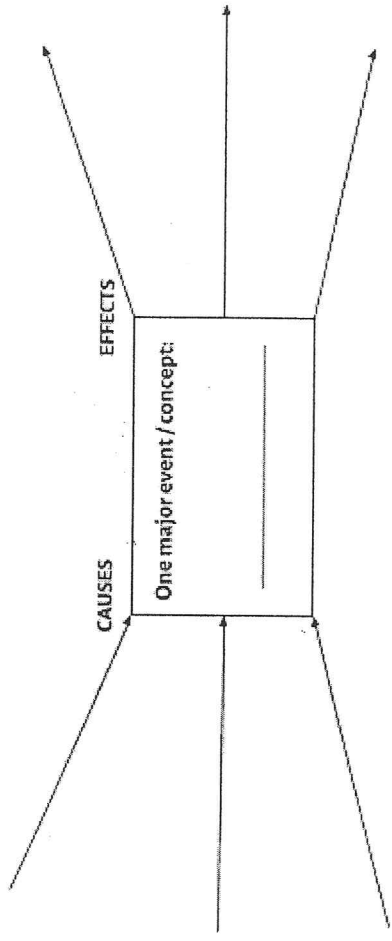

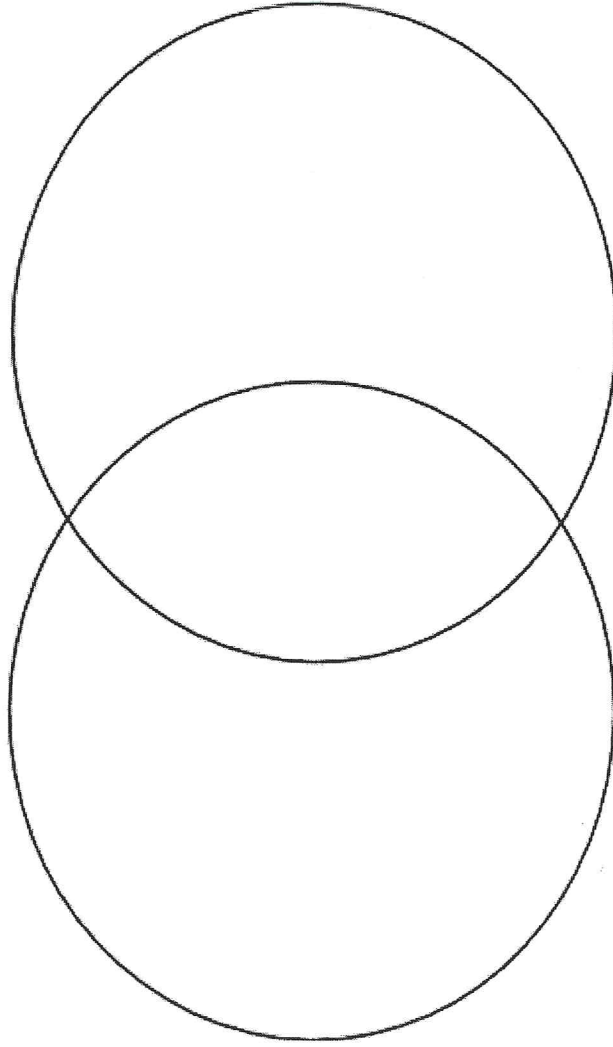

TIME PERIOD _____ CHAPTER _____ ANALYSIS SHEET

COMP + EVIDENCE + ANALYSIS: COMPARE 2 things, provide EVIDENCE, write THESIS, and EXPLAIN.

CAUSE AND EFFECT + EVIDENCE + ANALYSIS: Describe 3 CAUSES and 3 EFFECTS of a major event, support each with EVIDENCE, and EXPLAIN.

X =

Y =

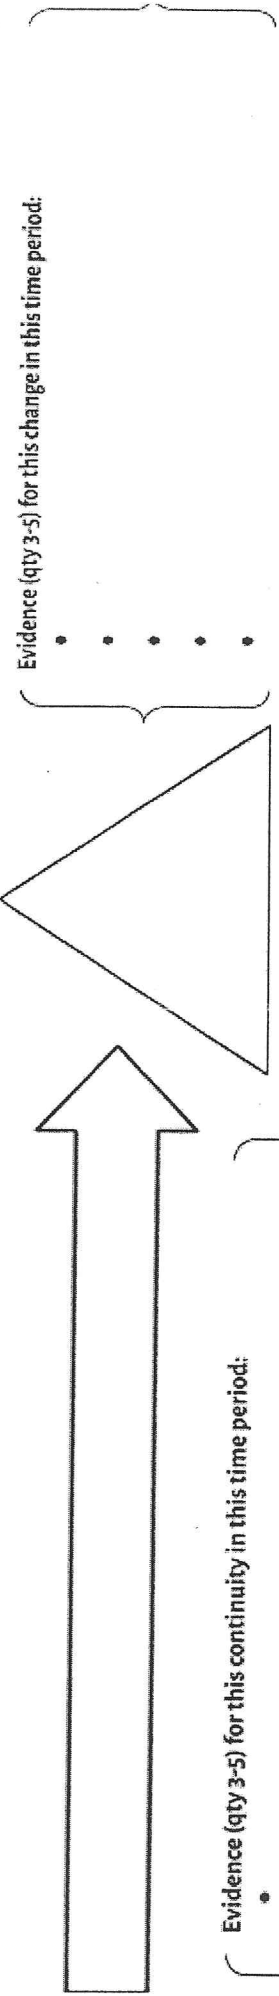

X and Y are similar in that they both _____, however, are different in that X _____ while Y _____.

The reason that X and Y both _____ is because _____.
OR The reason that X and Y are different is because _____.

Explain why _____ caused _____.
Frame: " _____ was a cause of _____ because _____."

Explain why _____ was an effect or result of _____.
Frame: " _____ was an effect of _____ because _____."

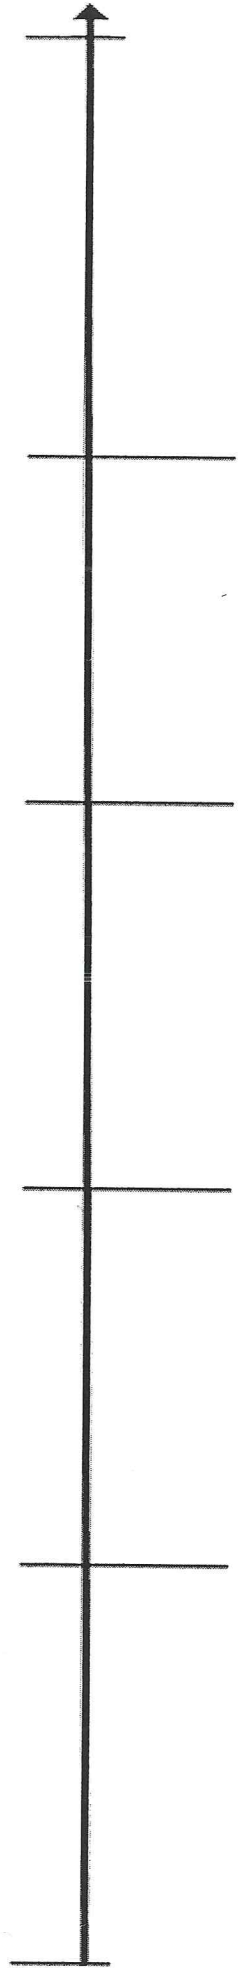

CONTINUITY + EVIDENCE + ANALYSIS: Identify 1 CONTINUITY, 3-5 pieces of EVIDENCE, and EXPLAIN **CHANGE + EV + ANALYSIS:** Identify 1 CHANGE, 3-5 pieces of EVIDENCE, and EXPLAIN.

Why did this change? What are the reasons? Think cause/effect
 "X was a change during this time period because ____."

Why did this stay the same? What are the reasons this continued?
 "X was a continuity during this time period because ____."

PERIODIZATION: On the blank timeline below, identify and briefly describe at least 5 MAJOR turning points in this period. Then, on the lines below, choose ONE of the turning points that you identified and explain with evidence and reasoning, why it is a turning point in that period. FRAME: "____ is a turning point because ____."

- **Comparison (COMP)** = explaining and analyzing similarities and differences between two things
- **Cause and Effect (C/E)** = explaining and analyzing causes and/or effects of a major event or process
- **Change and Continuity Over Time (CCOT)** = explaining and analyzing what has changed or is different in a specific time period, as well as what has stayed the same or continued within that same time period
- **Periodization (PER)** = identification of key turning points in a specific era, region, or theme
